

# The Exact ADAS Information You Need

adasThink works with asTech to get you the insights you need to ensure proper and complete repair to return the vehicle safely to the road.

## ADAS Equipment

- ✓ Retrieve equipped ADAS
- ✓ Access OEM as-built data
- ✓ Optional equipment prompts

## Required Calibrations

- ✓ Simply upload estimate and VIN number to identify operations
- ✓ Operations are based on OEM requirements
- ✓ Includes non-ADAS resets, initializations, and calibrations

## Documentation

- ✓ Links to required OEM procedures and documents
- ✓ Links to ALLDATA (subscription required)
- ✓ Links to asTech training videos
